

GG COIN LIGHTPAPER

"REVOLUTIONIZING THE OLDEST
INDUSTRY IN THE WORLD"

GIN  R

ICO SUMMARY

GINGR PLATFORM

The first worldwide direct end to end booking platform for prostitution using Blockchain Smart Contract Technology. A modern, humorous and user-friendly way to book and pay for sex-worker services. Gingr takes care of everything so you don't have to.

GG COIN / CURRENCY (GGC)

A new global ecosystem with its own currency for safe and anonymous payments. A crypto coin which will revolutionize the way transactions are made in \$186 billion market. Welcome to the future GG Coin.

GINGR SHARE TOKEN (GST)

Gingr Share Tokens are the equitable part of the company. They are ordinary shares with the same rights as you would expect from any other ordinary share, with each share representing a part of the company.

10 REASONS TO INVEST

- 1** The GG coin should continuously increase in value
- 2** We provide firm solutions to existing problems.
- 3** Our assets and technologies are state of the art.
- 4** The Gingr platform has a social benefit, where we are helping the world.
- 5** With your help we can change a 186\$ billion market - and you will profit from it.
- 6** Gingr has already started the revolution.
- 7** Our concept has already been accepted by users worldwide.
- 8** The firm has gained traction and we have made money.
- 9** We are regarded and proven in the industry to be trustworthy.
- 10** Gingr is the pioneer and will always be the global market leader in its industry.

6 REASONS WHY

THE GG COIN COULD
INCREASE BY A 1000 TIMES

- 1 The GG Coin is the only accepted payment for all erotic dates and services booked on Gingr
- 2 We buy back 1 Billion GG Coins reducing the circulating supply by 50% over time
- 3 We use 20% of our profit solely to buy back GG Coin every quarter of the year
- 4 We are the pioneer and future market leader of the industry
- 5 We use 20% of our profit solely to buy back GG Coin every quarter of the year
- 6 We target a global audience in a 186 Billion \$ market

ICO PHASE		COINS OFFERED	BONUS	TOKEN PRICE	VESTING

PUBLIC MAIN SALE	TIER 2	30 million	-16.6%	€ 0.10	-
PUBLIC MAIN SALE	TIER 3	20 million		€ 0.12	-

* 100% of the purchased GGC will be locked for 3 month after the end of ICO.

** 50% of the purchased GGC will be locked for 3 month after the end of ICO.
The remaining 50% will not be vested.

INFO

Vendor

Gingr AG, Badenerstrasse 809, 8048 Zürich, Switzerland

Initial Coin Offering

The ICO will start after receiving “no action letter” from FINMA and last until December 31, 2018, 23:59:59 (GMT+2, Zurich) unless all GGC are sold earlier. Dates are subtle to change if legal procedures take longer than expected.

The ICO consists of (i) a private sale, (ii) a Public Pre-Sale and

Issuing Volume

Up to 2,000 million GGCs (100%)

Offer Size

1,000 million GGCs for sale (50%)

Reserve Fund

1,000 million GGCs allotted for the Vendor’s Reserve Fund (50%).

Whereas 5% is reserved for angel investors, 15% is reserved for strategic partnerships and 30% is used by the company for operations.

The Reserve Fund is the sole property of the Vendor. The Reserve Fund can be used for all required business purposes, including activities to stabilize the conversion rate of the GG Coin.

SALES

Private Sale

The Private Sale starts as soon as all legal aspects are compliant and ends the day of full subscription or latest at the start date of the Public Pre-Sale. Unsold GGCs will be allocated to the next phase without increase of the token price. Up to 750'000'000 GGCs at EUR 0.03 each.

This stage will underlie a three-month locking period which starts after the end of the ICO.

Minimum purchase of GGCs equivalent to 50'000 EUR per purchaser.

No maximum subscription limit.

Public Pre-Sale

After the Private Sale for presumably 2 weeks or earlier at the time of full subscription. Unsold GGCs will be allocated to the next phase without increase of the token price.

Up to 150'000'000 GGCs at EUR 0.06 each

50% of the GGC purchased during Public Pre-Sale will not be locked nor vested and therefore are directly tradeable and/or used for the services offered on the Gingr Platform.

The remaining 50% of GGC allocated to the purchaser will underlie a three-month locking period which starts after the end of the ICO.

Minimum purchase of GGCs equivalent to 10 ETH per purchaser.

Maximum subscription limit of GGCs equivalent to 30 ETH per purchaser.

Public Main Sale Tier 1

Latest 10 days after the end of Public Presale to 24 hours after start date or until the time of full subscription. Unsold GGCs will be allocated to the next phase without increase of the token price.

Up to 50'000'000 GGCs at EUR 0.08 each

The GGC purchased during Public Main Sale will not be locked nor vested and therefore are directly tradeable and/or used for the services offered on the Gingr Platform.

Minimum number of GGCs equivalent to 0.1 ETH per purchaser.

Maximum subscription limit of GGCs equivalent to 3 ETH per purchaser

Public Main Sale Tier 2 Starts directly after the end of Tier 1 to 24 hours after start date or until the time of full subscription. Unsold GGCs will be allocated to the next phase without increase of the token price.

Up to 30'000'000 GGCs at EUR 0.10 each

The GGC purchased during Public Main Sale will not be locked nor vested and therefore are directly tradeable and/or used for the services offered on the Gingr Platform.

Minimum number of GGCs equivalent to 0.1 ETH per purchaser.

No maximum subscription limit.

Public Main Sale Tier 3 Starts directly after the end of Tier 2 to December 31, 2018, 11:59:59h (GMT+2, Zurich) or until the time of full subscription.

Up to 20'000'000 GGCs at EUR 0.12 each

The GGC purchased during Public Main Sale will not be locked nor vested and therefore are directly tradeable and/or used for the services offered on the Gingr Platform.

Minimum number of GGCs equivalent to 0.1 ETH per purchaser.

No maximum subscription limit.

Coin Burning

After the ICO, the unsold GGCs from the initially offered 1,000 million GGCs (minus the GGCs acquired by Token Purchasers during Sales) will be burned. In addition, the proportional amount of GGCs of the Vendor's Reserve of Coins will be burned to maintain a 50:50 percent ratio.

Payment

The payment for the subscribed GGCs must be made within five days after the date of subscription.

For Private Sale only:

The payment can be in the fiat currencies CHF and EUR and in the cryptocurrencies Bitcoin (BTC), Bitcoin Cash, Ethereum (ETH), Lite Coin and Dash whereby the conversion rate on the day of payment, determined by the Purchaser's bank, is prevailing.

Payment in fiat currencies is possible via bank transfer, PayPal or credit cards.

For Public Presale and Public Main Sale Tier 1-3:

The payment can be made in Ethereum (ETH) only.

For Private Sale and Public Sale:

Any payments received (i) exceeding the total purchase price of the GGC allocated to a subscriber or (ii) after having reached the maximum of 1,000 million GGC will automatically be returned to the subscriber.
